ENGLISH HOCKEY TRIAL - - The South beats
the West, 6-3, in fast game on Sussex County
cricket ground at Hove.

-Sussex-

Picture:- The West Hockey team has gathered a strong
combination of players--

--to meet the South at Hove to-day. But at the bully-
off--

--the South cuts through the West forwards, and makes
a dash for the West goal. They get through rather
too easily, and an opponent's fault gives them--

--a corner. The man who is showing real form is D.S.--

--Milford, but the support he gets is not very brilliant,
although it shoots out an occasional sparkle. Hoare,--

--the West centre forward is playing well, but--

--I have seen him do much better. The South--

--play is more consistent than that of the West team,
and they deserve their half-time lead. After some--

--good and fast hockey, very even play, the win
goes to the South, six-three.
