

THE COURSING DERBY - Coursing, the oldest sport in history, still offers one of the greatest events of the year - - the Waterloo Cup meeting at Altcarr.

-Lincolnshire-

---

Picture:- This miscellaneous lot of vehicles, old and new, mostly old, have brought dogs to the course to--

--run for the famous Waterloo Cup. For some people, this event holds more excitement than the Derby itself. A dog is slipped ! What a speed ! This--

--race has been run annually for nearly a hundred--

--years, but the actual coursing of hares of which this is a very good example is Britain's oldest sport. When the hare is fresh, the dogs--

--are usually led a pretty good dance..

His dangerous time comes when he tires ever so little before he can find cover,

--which of course he's not supposed to find, anyway ! It's interesting to think that in one--

--hundred and fifty A.D., this was a famous sport. There's 'Slip--

--Away', who won his first tie. A fine--

--day ! If anyone says there's hare, he belts !
