POINT-TO-POINT - -SEASON OPENS - - Twenty-four runners in
the first big contest for foxhunters - - the Nominaton Race
at the Bullington Meeting.

-Bicester-

Picture.:- A good attendance marks the opening of the
point-to-point racing season for fox-hunters. It's
a free steeplechasing show.

All the thrills of the genuine meetings at no
charge ! This is the nomination race being ridden in
a keen East--

--wind. The ground is in excellent condition, and the
jumps are being well taken. All these horses have been
hunted regularly during the--

--season with well-known packs. Point-to-point races
offer the only occasions when--

--fox hunters get a chance of racing their fellows.
Many huntsmen disagree with the practice, contending that--

--it teaches riders and animals to over-ride the hounds.
Now, isn't that dreadful ?
