

PRINCE GEORGE AT SHOREHAM - - His Royal
Highness opens new lock and launches high-powered
motor life-boat.

-Sussex-

Picture:- Prince George's arrival at Shoreham signals
an event of--

--importance to the district. The opening of the new
Prince George lock will attract larger vessels--

--and consequently more work to the Harbour. And now
the Prince has opened it.

(EFFECTS).

His Royal Highness has consented to perform yet
another service to Shoreham. He is--

--to name and launch the new high-powered motor life-
boat.

(BOTTLE CRASH).

I wonder if that was really good wine !

I doubt if "Rose Wood and Phyllis Lunn"
appreciated--

--it anyway. Prince George goes aboard the new
vessel and experiences a short--

--trip in her to the open sea.

(EFFECTS FOR ABOUT 12 feet)

This Royal favour to Shoreham's increasingly prosperous
harbour rouses great enthusiasm among the residents--

--of the district, and the Prince's visit will be long
remembered.
