DAVIS CUP ARRIVES - - The victorious British tennis team bring home the famous trophy after twenty-one years !

-London-

Picture.:-

And now Victoria, where the victorious all-British and best Davis--

--Cup team faces the incandescent flash-lights and a battery of cameras. Austin, Reper Barrett, with Cup, Perry Hughes and Lee--

--all smiling broadly and protecting the famous Cup which they have won back for Britain after twenty years.

We thought you would like a good--

--look at it ! The crowd is colossal. It's a magnificent welcome.

Perry is carried shoulder high and nearly--

--looks as though he likes it.

Suzanne Legien is somewhere in the crush. I just glimpsed her a moment ago.

The reception would do credit to a King, or even a cinema star. It really feels--

--like a great moment, and certainly shows how popular handsome successful young tennis players may become.
