Picture.

This 'blimp' has been roped in for a circus  
show. Tiny Kline, a dare-devil--

--trapeze artist wants more room to do her  
stuff, and it's--

--her way of getting it -

--hundreds of feet up in the air. The act is--

--a big sensation, and if she drops, it will be  
still bigger. Crowds--

--watch and ponderover--

--the old problem of a woman's nerve ! What  
a nerve ! Here's her--

--most hair-raising stunt, the 'splits' while  
swinging in mid air. A slip of her foot and - -

--watch this ! What an advertisement for  
her dentist. She daren't open her mouth.  
One word and her husband's a widower.  
She's down and lives to bite another day !
