GLOBES OF CHANGE.

Picture.:-

When this great big globe stops turning,--  
--someone will be a figure nearer a fortune. Each metal  
sphere drops--  
--a ball with a number, and--  
--when the numbers are put together, some--  
--lucky ticket-holder is--  
--able to tell his employer just what he thinks about him, and--  
--his so-and-so job ! The five-million--  
--francs French Lottery Prize is--  
--drawn by a barber. He used to say "Hair-cut, Sir ?" to  
a customer. Now he's saying "Home Jehn !" to a chauffeur.  
He almost refused to buy a ticket - - his closest shave !
