WHO'S AFRAID OF THE BIG  
BAD WOLF?

NOT UNIVERSAL'S cameraman !  
"SNAPS" IN THE "WOLF WOOD".  
-Edinburgh-

---

Picture.:- The great problem "Who's afraid of the big--

--bad wolf ?" is solved. It's not our cameraman. With a gun in one hand, two guns in the other, and a camera round--

--his neck, he braves the wolves in their--

--liars - - er - - lairs. They're really wild,--

--and besides the guns, he carries his life in his hands. Well, he's got--

--his hands full. This is Betty, late of Portugal,--

--now of Edinburgh Zoo. A nice wolf, they say, with one bad fault. She drinks.
