DELAYED PARACHUTE DROP.

---

Picture.:-

Crowds at the National--

--Air Races held at Cleveland, Ohio. America can't beat our recent air-race victory,--

--so we are showing you a fleet of army aeroplanes--

--livening up the proceedings with some hair-raising parachute drops.

The theme song of this act is--

--'I'll string along with you'.

(EFFECTS - 3 SHOTS).

This is the high spot of the--

--display. A thrilling example of a delayed--

--drop to earth. A smoke trail gives a clear idea of the distance before the parachute is opened to check his headlong plunge. If something doesn't happen soon he will meet the earth quick and hard.

Safely down ! No need for him to sing 'Why am I blue ?'
