

NEWS IN BRIEF.

- (1). General Jan Smuts, eminent statesman, concludes his--  
--visit to England. The General has fulfilled--  
--a tremendous number of engagements during his--  
--stay, and is leaving by--  
--aeroplane from Groydon. It is--  
--said that he is to retire from politics. His great  
mission in life--  
--was to reconcile the two races of South Africa and  
he has accomplished it after many years of labour which  
would have turned any weaker man--  
--from his purpose.

He has earned his retirement.

- (2). Picture.:- Another Groydon air departure is that of the  
Streatham ice hockey team--

--complete with handsome mascot. Imitation - Clark  
Gable. Very difficult!

The team is making for Berlin, where a number--

--of matches will be played, weather, and high authorities  
permitting.

(TWO EFFECTS SHOTS).

- (3). Picture.:- And Vienna has a --

--dog show. The fox-terrier is decorated with a laurel  
wreath as the Show's--

--best dog, and that starts a riot.

Every other animal disagrees with--

--the verdict, and says so - - all except one grey-haired  
grandfather.

He just don't care a cuss!
