NEWS IN BRIEF.

(1).

Picture:- A royal regatta in the wonderful--  
--bay of Cannes. Five nations contest--  
--for international trophies. Madame--  
--Cotmareann skippers her yacht "Qu'importe".

Well, she knows best !

His Majesty King Christian of--  
--Denmark, a keen yachtsman, is taking part--  
--in these events. It is stimulating to see this lovely  
bay bathed--  
--in warm sunshine - - while most--  
--of us are sucking cough-tablets.

Picture:- Berlin sees the opening of the world's largest  
motor-show, and it is opened with dramatic effect.

Picture:- The Prince of Wales at Kitzbuhel. Reports tell  
us that His Royal Highness is looking extremely well, burnt  
by the winter sunshine, and feeling much better for--

--his holiday incognito. His 'pension' towards skiing  
has been generously indulged, but the royal enthusiasm  
remains--

--undiminished. The Prince visited--

--Vienna, stayed at--

--the Hotel Bristol. The next morning in the pouring--

--rain he is escorted per hotel umbrella--

--to his car--

--and leaves again--

--for the snows of Kitzbuhel.
