

ROYAL VISIT TO GLASGOW.

DUKE AND DUCHESS OF KENT.

Picture.:-

Glasgow takes the Duke and Duchess of Kent to its--
--Scottish heart. During their visit, marked by an affectionate--
--reception, Their Royal Highnesses--
--perform several ceremonies. At the Victoria Infirmary The
Duke opens an extension of this progressive hospital. In 1890
it had only 84 beds. It now--
--has 480. A tour, a chat or two with patients, and--
--the Royal Visitors leave to lunch at the City Chambers with
Lord Provost Sir Alexander Swan and--
--city officials. (EFFECTS).

(EFFECTS).

Canniesburn Infirmary--

--is also honoured with a visit; the Duke laying the foundation
stone of an Auxiliary Hospital.

These are but two of the numerous engagements of a busy
day, and Scottish--

--people, themselves great workers, have enthusiastically
acknowledged the full day's work of their Royal Visitors.
