"NORMANDIE'S MAIDEN VOYAGE."

WORLD'S LARGEST LINER LEAVES.

---

Picture.:-

The world's most luxurious ship is--  
--just starting on her--  
--maiden voyage. One-hundred thousand people--  
--are packed on,--  
--and around, the quay, to watch--  
--her departure. For--  
--sheer fantastic luxury, she beats a super--  
--film, or a fairy story - - the same thing. Everything  
stream-lined,--  
--the ocean Colossus looks like a yacht. Deep down--  
--in her bowels, workmen have sweated--  
--night and day to complete--  
--their job for this hour. Some haven't finished--  
--and are sailing on her.

The ship is rumoured to have--  
--cost eleven-million pounds, and the--  
--value of the passengers' bank balances is rumoured to--  
--run into umpteen millions. But if that's in francs, one--  
--never knows ! (EFFECTS).  
(EFFECTS - 5 SHOTS).

Well, here's wishing luck to the first 79-000 tons  
ship that has ever--

--sailed the seas. (EFFECTS).
