

22/12/41

WIMBLEDON SURPRISE.

MISS JOAN HARTIGAN  
DEFEATS  
MISS DOROTHY ROUND.

---

Picture.:- The meeting between Miss Dorothy Round, title holder of the Women's Singles, and Miss Joan--

--Hartigan, of Australia, provided Wimbledon with a first-class sensation. Miss Hartigan, now on screen, carried--

--the attack to Miss Round, and the champion's defence failed badly. Many not too difficult returns found the net. There was one hopeful moment when the Australian's game looked like cracking, and Miss Round found things getting easy, but Miss Hartigan recovered. Miss Round lost her service. In the last two games, the English girl played well,--

--but it was too--

--late. The champion was beaten, but the best player had taken the round.

---

MRS.F.S. MODDY V MRS. R. MATHIEU.

Picture.:- With Miss Kathleen Stammers also having fallen to Madame Sperling, spectators had plenty to think about when Mrs. Helen Wills Moody--

--took the court with Madame Mathieu. Mrs. Moody, however, did not disappoint. Her form seemed as good as--

--ever it was. Madame Mathieu became her victim at 6-3, 6-0, and Helen goes marching on.

---

2-20-1911

WIMBLEDON CONTINUED.

F.J. PERRY V

J.H. CRAWFORD.

---

Picture. :- Crawford sends his first service to his champion opponent in--

--the Men's Singles - - Fred Perry. This--

--match is the greatest up-to-the-moment thrill in this year's Wimbledon. Will Perry repeat--

--his French victory over the Australian, or will Crawford tawse Perry, as he did--

--in the Australian championships. Touching--

--the wood I sit on, I say that--

--Perry is very fit and sparkling, and looks like winning up to this point. The presence of--

--Her Majesty the Queen--

--provides a stimulus--

--for both players. Perry is now a--

--set in hand, and holds--

--a winning lead of--

--5-4 in this decisive set. No wonder Crawford is annoyed when he breaks down a base-line rally.

Smile please,--

--the match is over. Perry, Number One Racketeer, has filed another notch on his gun barrel, and now where's that Von Cramm ?
