(a). Picture:- Manchester Grammar School,--
--the venue of a--
--Conference of Youth. The Duke--
--of Gloucester is the chief speaker, in his capacity of
President--
--of the National Association of Boys Clubs. The Duke--
--made a stirring appeal for more co-operation in watching
the welfare of lads kept idle through--
--prevailing conditions for those in peril on the streets.

(b). Picture:-
And this is for those--
--in peril on the sea ! A new raft which will let nobody
down. It's a sort of boyant net. Will support many people
either--
--on it, or clinging to--
--it. This Cardiff demonstration shows its use. It can be
hauled--
--up a ship's side--
--with the rescued clinging--
--to it. But here's hoping your ship won't sink.
