

STEPPING IT OUT!

FROM PERTH TO DUNDEE.

---

Picture:-

A bunch of short-bred Janes, all set to pad the hoof from Perth to Dundee. In other words, Scots girls start on a walking race. The distance from Perth to Dundee-- --is - - oh, a long way - -

The men's contingent now lines up, and set off to catch up the girls. With the men trying to make up on them from behind, and a prize in front of them to be won, the poor girls are torn between lagging behind, or hurrying up.

The victor in the men's section is A.D. Galloway, who won last year, and only seconds behind him is T.W. Green, famous veteran, and grand old man of walkers. The girl who walked away with it is Vera Murray.

To threaten her with a walk back cuts no ice!
