

(D) Picture:- The adventures of these two Hungarian students are thrilling, but not too dangerous. Seven years ago they started round the world, and now they leave England to complete the circuit to Austria, and take their badges home. They have not made much money, but they have seen life. After that, the

(E) --Six Days Cycle Race round a track is sheer monotony. Push-bike aces of France go round and round this stadium for six days. It must seem like six years. I think they do it just to give the news-reels a story. Thousands of the public actually pay to go in and watch the giddy business. Of course an unhappy home will drive a man - - even to this !! Anyway, we will leave before sleepy-sickness sets in !!
