

ALL-IN WRESTLING GOES

FIVE-OF-A-KIND IN RING BATTLE.

Picture.:-

Now let's have something with real flesh and blood in it ! Lots of both ! Especially blood ! America's tired of

these tame two-butcher affairs. So here

are five of

them. Nothing barred ! Kick where you like.

There's no limit, except the sky, and the good hard floor. The walls of their padded cells have been

removed, so that you can see what goes on inside. These are the fanciest bone crushers in the business - - all liberals ! All for one, and one for all ! And may the best man come out alive. The only safe one is the referee. Safe, perhaps,

but not quite sure. Never mind ! He's

kissed the wife good-bye, and paid his insurance

premium. And now he's got his ! How dare a mere referee interfere with the sport of kings - - kongs ! The blankety blank blank of a blank !
