picture.

One champion watching champions playing table-tennis is F.J. Perry, who

was himself once world table-tennis champion. Here are Miss Pearcey and Miss Mine putting up a wonderful fight to get into the finals. This is an extremely good rally.

Many champions are here to defend their various titles. G.V. Barna, Hungarian holder of the men's championship has just beaten the Groydon champion H.W. Swetman

in three games. Mr. Wilmott is another champion. He is

champion ball tester. Testing for wobble ! The French champion Marcel Haguenaer is now playing Litten. He has already dismissed several British opponents. In fact it's doubtful if any British name will be seen

in the final. Poles,

Hungarians and Slovaks seem to be skinning all the cream off the Tournament.
