

HANDBALL.

9/4/54.

As a change from football --- here is an international at handball. The teams are France and Germany --- and the match is in the Charletty Stadium in Paris. Germany is the team in white --- and the Germans put on nine goals to two in the first half. Germany were the winners by sixteen goals to nine --- but to even things up, we show here one of the goals for France.

SHAPE ANNIVERSARY.

This is the third anniversary of Shape --- which, in case you have forgotten, is "Supreme Headquarters Allied Powers in Europe." The old flags were lowered and new ones went up, at a ceremony watched by America's General Gruenther and Britain's Field Marshal Montgomery.

RIOTS IN GERMANY AND BEIRUT.

In Munich, members of the German Trade Unions turned out in large numbers to demonstrate against the opening of the warehouses on Saturday afternoons; and the result was a clash with the police.

Rioting, too, in Beirut on the coast of Syria. Scene of the outbreak was the American University; and the cause was a rumour about American aid. The trouble was quelled with the aid of hoses.

WATER ORGAN.

In Amsterdam --- here is the opening of Holland's International Flower Show. Millions of blooms made a magnificent spectacle; but what really stole the show, was the water-organ -- producing literally liquid melody.

Trouble is - they have to write the music on blotting-paper.
