

Mr Vyshinsky --- whose death in New York following a heart attack has been announced --- as the leader of the Russian delegation to the United Nations, was one of the best-known representatives of the Soviet Union in the western world. For many years he ~~is~~ has been a striking figure in international politics --- both at UNO, and as his country's Foreign Minister.

He was seventy-one..... ~~and~~ he had been associated with Russia's revolutionary activities since 1902.

ATOM SUIT.

From Buckinghamshire, we have a glimpse of what the well-dressed man will wear for living in the Atom Age. If he doesn't wear it, he won't be living. <sup>It's</sup> made from a special type of chloride sheeting, and it <sup>is</sup> held together by High-Frequency Welding, instead of stitches. Picture the domestic hearth of the future; the husband resting from his ~~husband's~~ <sup>radioactive</sup> labours; and the little woman mending his trousers with a blow-lamp.

CAT SHOW.

Cats of all sorts --- including some that were too young to be really catty --- came from all parts of Europe to compete at the annual international Cat Show in Munich. <sup>But</sup> among the old hands in the Cat Show ~~game~~ <sup>a</sup> was this snow-white gentleman from Paris, who obviously didn't suffer from nerves. Others, more highly-strung, had to have occupational therapy before facing the judges. That's ~~just~~ <sup>only</sup> a tail, you dope.

CHURCHILL FUND.

Gifts of all kinds continue to flow in to the organisers' ~~gift~~ offices, as a special tribute to Sir Winston Churchill --- the Prime Minister's Eightieth Birthday Presentation Fund. Every post brings a heavy load of letters containing contributions; and the job of sorting and banking is a major operation. Not only from the British Isles --- but from all over the Commonwealth, and from foreign countries, too, comes a non-stop flow of appreciation and gratitude. The amounts sent, range from the smallest, to hundreds and thousands of pounds; from millionaires --- and from poor crippled children.
