

SPORTS THRILLS.

On the great Olympic track at Garmisch --- the world's ski-jumping aces pulled out all the stops to finish the tenth ~~international~~ international sports week.

And this was the kind of leap to strike terror into the heart of any spectator --- whose heart was in her mouth already.

Another competitor used his hands like wings --- and made a ~~two-point~~ two-point landing.

Here comes another

A three-point landing.

The winning jump --- by Eino Kirjonen of Finland.

Sport --- in Hamburg. Alex Buxton, Light heavyweight champion of Great Britain --- versus Gustav Scholz --- official centender for the European middleweight title. In the second round --- Scholz went down.

Then Scholz got up --- and handed the same to Buxton.

The middle rounds of the ten were uneventful --- but here is Round Eight --- with Scholz putting Buxton down again.

Buxton fought on --- but soon went down to another sizzler

The bell saved him; but at the end of Round Ten, the verdict on points went to Gustav Scholz.

And now to Monte Carlo --- where Prince Rainier handed the Cup to the ~~maxright~~ winners of the famous Monte Carlo Rally... Per Malling of Norway and his co-driver. Their winning car was British --- a Sunbeam, ~~Swiss~~.

A British Jaguar won the team prize --- and here is the presentation of the Ladies' Cup to that brilliant woman driver, Miss Sheila Van Damm..... with her co-drivers.

Miss Van Damm was also driving a Sunbeam, ~~Swiss~~.

Special congratulations are in order for Miss Van Damm -- ~~who was so narrowly defeated last year; and~~

~~She is a worthy winner~~ She is a worthy winner --- to complete the 1955 triumph of ~~cars made in Britain.~~

British cars.
