

At Stansted, Essex --- this York airliner crashed while taking off with forty-nine airmen, wives and children on board, bound for Iraq. One airman and a four-year-old girl were killed..... but the foam which covers the ~~airliner~~ wreck emphasises how much worse the disaster would have been had the airliner caught fire. A public inquiry is to be held

HELICOPTER.

A freak tragedy has come to light as the result of a search by helicopter at the military base of Tavenes, in France. An American soldier disappeared while exploring the abandoned fortress near Verdun. After several days of air and ground reconnaissance, his body was ~~discovered~~ discovered at the bottom of a disused well. American Army volunteers went down in attempts to recover their lost comrade

WIND TUNNEL.

In Pasadena, five major aircraft companies have financed this giant wind-tunnel to test the effect of supersonic winds on guided missiles. Masses of fans push streams of air through the tunnel's mouth, at a speed of fourteen hundred miles an hour. Nothing like it has been seen since Johnny Ray

BOW AND ARROW FISHING.

Bows and arrows have taken the place of hook, line and sinker for the latest fishing craze on a river in Michigan. ~~They're~~ At twenty paces, ~~with~~ they're deadly. The only trouble is that, since a bow and arrow requires two hands, the ~~ambidextrous~~ angler requires another hand to hold the beer. A reel attached to the bow feeds the line to the arrow; and when they're hooked, they never get away. It's a sport that's rapidly gaining popularity --- but not with fish
